TO CELEBRATE AT PERRYOPOLIS

Centennial of Town's Founding to be Observed First Part of July

HISTORY INTERESTING

Possessing a history, the equal of which would be hard to find in point of interesting data and associated events Perryopolis will on July 2, 3 and 4, be the scene of a monster centenary celebration. George Washington, the Father of His Country had a large part to do in the founding of Perryopolis and it was from his "great fertile meadow in Fayette county" that the site was taken for the town. Perry township with a population of approximately 12,000 will combine with the inhabitants of Perryopolis, number 1,200 in making the centenary celebration a big event.

Elaborate programs have been mapped out for the three days of entertainment. On Thursday, July 2, there will be a ball game, auto and motorcycle races and an auto parade for which a prize of $50 will be given to the owner of the best decorated boat. Cars from Monessen, Charleroi, Belle Vernon, Fayette City, Connellsville, Uniontown, Dawson, Star Junction, Vanderbilt and West Newton, it is anticipated will participate in the parade.

On Friday, July 3, the following events will be featured: Tennis tournament, trap shooting, baseball game with Fayette City, auto races, band concert by the Connellsville tenth regiment band and evening fireworks set off by Bufano, the expert who made the Uniontown old home week some years ago famous.

Saturday, July 4 will be the big day with a monster parade two miles long as one of the features. Handsomely decorated floats will be in line, and the best decorated will draw a prize. Prominent speakers of national reptation will make addresses, there will be a ball game and motor cycle race and four bands of 25 men each will enliven the day with music.

Speakers who have already been secured for the Fourth are: R. F. Hopewood, Esq. and William H Martin, Esq., of Uniontown and Dr. G. A. Dillinger a councilman of Pittsburg. Efforts are being made to secure Congressman Wooda N. Carr of Uniontown as one of the speakers.

Perryopolis was 100 years old in March of this year. However, its origon dates back to 1782, when the old George Washington grist mill was established. Washington owned 1,640 acres in what is now Perry township, having purchased the land through Col. William Crawford of Revolutionary war fame as agent. Washington made visits to the spot during his career and seemed very proud of his land there.

The officers of the Perryopolis Centenial Association are: President, J. Buell Snyder; secretary, M. W. Byers; treasurer, C. T. Davidson; chairman of sports committee, Dr. R. P. Kamerer; chairman of parade committee, Dr. J. R. Martin; chairman for decoration, B. S. Luce; chairman for speakers, W. S. Stickle; chairman for finance, Ollie Luce; chairman for refreshments, T. W. Weimer; chairman for advertising, H. H. Slocum; chairman for entertainment, Allan Gollie.

On Wednesday, President Snyder of the association, together with W. L. Armstrong, Postmaster W. S. Stickle and Clyde Williams, all boosters, was in Charleroi in the interests of

PANAMA CANAL AND BUSINESS

On its face it is a long-drawn theory to consider the opening of the Panama canal one of the best business boosts the Monongahela valley has experienced for years. Yet the theory holds true.

When the Panama canal construction was started with all the force of a powerful government behind the movement as guarantee of its ultimate completion, railroad and coal men at once realized the importance of the movement to them. That they had the correct idea is now beginning to be generally realized.

It is easy to see the connection. Coal shipped from the Monongahela valley goes down the Ohio and Mississippi rivers to the gulf, cheaply, to the then is transported cheaply, to the Panama canal from which point there is a general distribution. Either this, or the coal is sent by rail to the gulf—for sake of comparison it is the same. The coal supply is bound to be cheapened for consumers at the Panama canal and at western coast points, through cheapened shipping. That goes to create a demand for eastern coal.

By reason of natural resources the Monongahela valley is known as the richest valley in the world. The increasing Panama canal trade only proves the truth of the assertion.

PICKED UP IN PASSING

Judge M. W. Pinckney at a recent banquet recalled an incident to show that there is some humor associated with such a serious thing as the law. In Dawson City a colored man, Sam Jones by name, was on trial for felony. The judge asked Sam if he desired the appointment of a lawyer to defend him.

"No, sah," said Sam, "I'se gwine to throw myself on the ignorance of the cote."

In a magazine recently, appeared the "Diary of a Cop," which is a plain unvarnished tale, though true, of the gentle art of making a decent man a grafter. Following is a brief extract from what the "Cop" says in his diary:

"New York is to be tight or loose. When Tammany has a mayor at City Hall, Tammany looks out for that end of the game."

"In the White Light district it is the senator who is the Supreme Court police commissioner mayor and legislature all rolled into one."

CHARLEROI TEAM WINS

Charleroi's assortment of hits, base running propensities, and beneficient baseball playing at psychological moments, helped them maintain their first position in the Monongahela league by defeating that poor Roscoe agregation Wednesday evening in a twilight melee. The affair was staged on the Charleroi playing field and at the worst was not a bad gme. The score was 8 to 7.

It is not healthy as a rule to start things in the first inning in the Monongahela valley if the superstition of a good beginning, bad ending, holds true, but all the same, those Charleroi lads began to pound Gray immediately when their part of the first inning opened. Mathers started it with a three bagger after Urben had whiffed. Protin went out on a fly to left. Cratty sprained one at Stanix's shins that proved inconvenient for that gentleman to handle cleanly. Mathers tallied. Motts leaned against a pretty curve for three bases, and scored a moment later when Miller singled.

The third inning witnessed further scoring. Cratty pushed the pill into the outer garden—right field—for two good, healthy bases. Motts went out on a foul fly, but Miller soaked the horsehide a good soak to right that brought in Cratty.

Sixth and seventh inning scoring were next in order. In the sixth Claybaugh and Urben did the successful base running. Claybaugh doubled with one down, and stood still while Kearnes fanned. Urben came up determinedly and hit out a home run to right field. Protin singled in the seventh, was sacrificed to second by Cratty, and advanced on Motts' pretty single. It so happened that Coatsworth permitted the ball to get through him, so Protin and Motts both dug to the home pan.

Roscoe's scoring was done in the fifth, sixth and eighth. One was tallied in the fifth by O'Leary on a man hit by the ball and two singles. Two runs were tallied by Gillies and O'Leary in the sixth on singles by Gillie, Wilson and Brooks, an error and a stolen base. The eighth was Roscoe's big inning. Wilson, first up singled, O'Leary got his base on a fielder's choice. Then Brooks singled, and Gray hit out his wonderful home run to deep left-center. Peach followed with a double. Just then Kearns was called from the scene of activities in the box and Donahue substituted. That though did not prevent Peach from scoring. An error helped him considerably. Four runs were the total.

Kearnes kept things pretty well in hand for Charleroi until the eigth inning, when Roscoe began to get next. Behind him the Magicsl fielded well except on one or two occasions. Hitting was immense on both sides. Joe Gray, known as the strike out pitcher got his bumps, but at that he retired over half of the men who faced him by the simple expedient of striking them out.

Griffin, an umpire from Monessen attempted to adjudicate differences. In the second inning, he had an argument with Manager Charley Parkins, of Roscoe, over a decision. In the latter part of the same inning Charleroi lads argued. Griffin wouldn't stand for it and chased himself off the field. Riley of Roscoe was called in to umpire and he performed so satisfactorily that there was not one single kick, which is going some.

GOING AWAY!

If so, and you are wise, you will carry your money in the form of

Traveler's Checks

which are issued in denominations of $10, $ 0, $50 and $100. They are safe, convenient and economical and are available anywhere. They are useless to any one else, as they must be countersigned with your signature. If stolen or lost, they may be replaced.

It is the part of wis om to take them instead of currency even on short trips. Tuey will pay your Hotel Bills, buy your Railroad and Steamship Tickets, and be accepted as cash by the Large Stores.

The very low figure charged by the banker for his time and trouble is practical insurance against the loss of your money.

Our advice to you is prompted by the desire to render the highest type of public service.
